Rupert,

Just checking in -- can you please forward the items I requested in my e-mail below?

Hope things are going well in the field.

Thanks in advance,

John

To answer the easiest question now, we anticipate no surface water sampling.

I will try work at getting you the rest of your request tomorrow.

Regards,
Rupert

Subject: Dimock Investigation -- Follow-up from Kick-off Meeting Yesterday

Rupert,

As a follow-up from our discussion yesterday at the Command Center, please send us a copy of the following:

- Revised Field Sampling Plan/Work Plan
- Program QAPP
- Environmental Response Team SOP No. 2007 (ERT, 1995) for Residential Well Sampling
- Decon Procedure
- Analytical Methods per Analyte and Respective Method Detection Limits

Also, just to confirm, you indicated yesterday that no surface water samples would be collected. Is that still the case?

Thanks in advance.

John
